

## **FISCAL NOTE**

TO: Chief Clerk of the Senate  
Chief Clerk of the House

FROM: James A. Davenport, Executive Director

DATE: March 6, 1995

SUBJECT: **SB 1508 - HB 1374**

This bill, if enacted, will do the following:

1. Require each county election commission to provide to the Coordinator of Elections certain other statistical information by precinct beginning June 1, 1995 and each six months thereafter.
2. Removes the first class requirement for sending address confirmation notices.
3. Reinstates a provision which was previously deleted which provides that if voter registration is closed in a city due to an upcoming municipal election, registration will remain open for other residents of the county.

The fiscal impact from enactment of this bill is estimated to be a decrease in local government expenditures by allowing the counties to send address confirmation notices by third class delivery mail. A reasonable estimate of the decrease cannot be determined but is estimated to be not significant.

This is to duly certify that the information contained herein is true and correct to the best of my knowledge.
